Opis produktu

Professional, multi-functional, fully CNC-machined aluminum tool stand with integrated parts tray. Innovative design, machined from super lightweight aircraft aluminum. Extremely durable and wear resistant thanks to the hard black coating.

The tool stand features multiple machined holes for tools and smaller diameter holes to hold various equipment such as body reamers, clutch tools, pliers, scissors, tweezers, gauges, glue, pens or whatever other tools you need for your RC cars. The integrated parts tray is great for holding assorted screws, nuts, body clips, but also small accessories, support blocks, solder, oils, greases, and more. This smartly-designed handy tool stand helps you to keep your pit table organized, professional, and stand out on your pit table. Silver chamfered edges and laser-engraved stylish HUDY graphics.
