Opis produktu

QUICRUN 2435 SL motor 4500kv 2 pole G2

QR 2435 SL 2 POLE for 1:16 & 1:18 Cars & Trucks (SPORT)

High Efficiency means more POWER while keeping TEMP low!

- Its 2-pole rotor creates **greater torque**. **QUICRUN-2435** brushless sensorless motor suits various 1/16 & 1/18 vehicles, especially buggies and monster trucks.
- Composed of high quality components: high tech aluminum alloy motor shell, heat-resistant wires and magnets, and long-life bearings.
- High quality pre-soldered gold plated connectors. The QUICRUN-2435 motor is a plug-and-play masterpiece.
