Czas wysyłki	24 godziny
Numer katalogowy	JC0461
Kod producenta	JC0461
Kod EAN	5051294177713

Opis produktu

What is the response when a popular new vehicle hits the market? It's simple; add one of the most popular and best performing bodies to date to an already successful platform. Dubbed the S2, the new shell rocks some familiar features but rolled together with a low-profile stance. With 2015 IFMAR Championship credibility backing this design, it's an easy choice. The S2 is a performer straight out of the package, includes the Carpet I Turf rear wing to help deliver results on any racing circuit.

Slammed overall height allows the S2 to whisk through the turns with a low center of mass while the progressive cab design provides plenty of front-end force for superior balance and steering. A channeled roof directs the flow through the center of the body while also increasing the rigidity of cockpit. The dual side-window design that has become famous on the JConcepts bodies remains to bring a traditional feel to the layout. The upper side-pods feature distinct vents used to help relieve hot air build-up inside the body for those high-powered runs or hot days at the track. Carved and detailed side-pods edge the body giving the highly aero unit a stylish look with a tight fit and finish. Roll with the IFMAR World Champion, the S2 by JConcepts.

Features:

- JConcepts original Silencer 2 styling
- Aggressive, progressive cab design
- Channeled roof with center stabilizer
- Useable side-pod vents
- Includes two Carpet I Turf rear wings
