Opis produktu

Sorex Glued 28R+JB+Revlite24 pk4

We're sure this is the fastest indoor carpet tyre available. The lightweight construction of the JB Foam insert increases traction, acceleration and runtime for the ultimate carpet tyre. Built with the 28R tyre, with A JB Foam insert and Revlight wheel.

Used by a host of big series as their control tyre, Ardent Winter Series, Maritime Raceway, Chippenham, Schumacher Winter BTCC plus many more!

Schumacher Racing have an automated in house gluing process which accurately controls the glue flow rate and quantity. This has helped us to establish an excellent reputation for quality and consistency of pre-glued tyres. However, the driver should check that the tyres are firmly glued before each race.
