Kod producenta	301121
Kod EAN	8581703011217
Producent	XRAY Racing

Opis produktu

CNC-machined 2.5mm-thick graphite chassis for XRAY T2. Strategically machined MFT™ (Multi-Flex Technology™) milled slots allow for precision adjustment of chassis torsion and flex.

**World's narrowest touring car chassis ever made, at only 104mm width!
The ultra-narrow chassis has been optimized for weight distribution with all electronics and batteries positioned as close as possible to the centerline of the car.**
