Dostępność	Dostępny
Numer katalogowy	303084
Kod producenta	303084
Kod EAN	8581703030843
Producent	XRAY Racing

Opis produktu

The ULP (Ultra-Low Profile) rear shock tower accommodates the upper clamps with centering pins. Centering pins allow perfectly fitment of the shock towers on the upper clamps in the exact same position every time, thus helping to eliminate tweak .

CNC-machined from 3.0mm thick premium-grade graphite material to guarantee maximum strength and long life. The shock towers are super small, lightweight, and very compact.

The ULP (Ultra-Low Profile) shock tower is 4mm lower than the SLP (Super-Low Profile) shock tower to maximize the benefits of the ULP shocks, and to create an ultra-low profile that helps move the CG as low as possible.

Recommended for low-to-very high traction track conditions.
