### Opis produktu

**CNC-machined diff drive shaft adapters for #305184/305188 XRAY Composite Solid Axle, made from premium lightweight Swiss 7075 T6 aluminum.**

**The alu driveshaft adapters for the front solid axle are a direct replacement for the stock composite versions but with increased the strength and lifespan.**

**The modular design of the front solid axle allows for easy removal and servicing. Internal slots key to drive shaft pins require use of driveshaft blades #305241 (included), enabling direct power transfer to the wheels and eliminating excess play between the outdrives and drive shafts. Set of 2.**

**Precision machined with highest tolerances using premium fully-automatic German CNC-machines. High-quality hardcoating is done at XRAY's own in-house fully-robotic hardcoating line, ensuring a perfect hardcoated surface every time.**
