Kod EAN	858170323015134
Producent	XRAY Racing

Opis produktu

Molded composite motor gear box made from premium composite material accommodates 3 gears. The graphite molded gear box is lighter and stronger, with a narrower design to fit the narrower suspension holders, decreasing roll while increasing traction. All parts fit together perfectly, and give super-easy access to the rear differential. The durable gear box houses the differential and rear transmission, allowing the mounting of the rear roll center holder, motor plate, and rear shock tower.
