Kod producenta	323322
Kod EAN	8581703233220
Producent	XRAY Racing

Opis produktu

Alu rear lower suspension holder for the REAR of the rear suspension. CNC-machined from 5mm premium Swiss 7075 T6. Ultra-strong construction provides very long lifespan and durability in even the most extreme racing conditions.

Aluminum lower suspension holders with Integrated Suspension Settings™ (I.S.S.™) allow for quick & easy suspension geometry setting changes. This concept was first introduced by XRAY in the very first XB8, and has been carried over to the 1/10 scale XT2.

Using eccentric suspension bushings inserted into aluminum suspension blocks, along with additional suspension shims, the XT2 suspension geometry is completely adjustable.
