## XRAY 351130 GT Alu Chassis - Swiss 7075 T6 (3MM)

Cena brutto	<b>652,55 zł</b>
Cena netto	<b>530,52 zł</b>
Dostępność	<b>Na zamówienie</b>
Numer katalogowy	<b>351130</b>
Kod producenta	<b>351130</b>
Kod EAN	<b>8581703511304</b>
Producent	<b>XRAY Racing</b>

### Opis produktu

CNC-machined chassis made from 3mm high-quality Swiss 7075 T6 aluminum, strategically machined in low-stress areas, and then anodized to make it as light as possible without affecting strength or rigidity. Non-essential material below the engine, fuel tank, and differential was removed to allow for the lowest possible center of gravity and optimal chassis flex.

**Note:**

Swiss 7075 T6 is an extremely rigid aluminum material. After the hardcoating process, in some rare cases some small cracks may appear (for example, around openings or on edges) where tension in the material is highest. Those small cracks are a natural effect and have no negative impact on the performance, reliability, or lifespan of the product, and as such are not considered to be a defect.

Due the nature of the aluminum material and the machining process, it is normal that the chassis may be slightly bent in the longitudinal direction.
