Kod EAN	8581703622345
Producent	XRAY Racing

Opis produktu

Aluminum RIGHT C-hub with pre-set 12Å° is CNC-machined from premium Swiss 7075 T6 aluminum. Additionally black coated and laser engraved. Use with matching #362244 Alu C-hub 12Å° Left.

Designed & recommended for use in high-traction conditions. Increases steering out of the corner, and makes the car more stable going into corners. Roll center position can be easily and quickly adjusted by inserting different thickness of shims on the top of the caster block between the block and the vertical ball stud.

The caster blocks feature large openings for quicker & easier assembly/disassembly of the CVDs. The entire CVD assembly can be easily inserted/removed through the C-hub without the need for disassembly. The large openings also prevent collision of the CVD with the C-hub in serious crashes.

Fits:

XRAY XB2'15
XRAY XB4'13
XRAY XB4'14
XRAY XB4'15
XRAY XB4'16
XRAY XB4'17
