Kod EAN	8581703681953
Producent	XRAY Racing

Opis produktu

FRONT linear springs have been specifically designed to complement the big-bore shocks. Spring rate is constant during the entire spring compression. Marked with 5 DOTS for easy identification. These springs extend the existing springs line up for further set-up adjustments.

The springs, like all the other XRAY springs, are manually measured, selected and matched into pairs to guarantee precisely equal length and damping characteristics.
